MIG/MAG LINCOLN ELECTRIC 280 AMP.

Manufacturer: Lincoln Electric

Type: Powertec 280C PRO

Year: S.nr 3863 Price: on request

TECHNICAL SPECIFICATIONS

280A at 40% **Output current:** 230A at 60%

175A at 100%

Wirefeed: 1.0 - 20.0 m/min.

- Thermal overload indicator

- Welding voltage changing switch 2 -10

- Adjustable wirefeeder

Featured with: - Synergic / Manuel mode

Welding torchMasscableUser manual

Country of origin: Poland

Machine LxWxH: 1030 x 565 x 910 mm

Machine weight: 140 kg
