

## WELDING ROTATOR SMITWELD 16 T. X Ø4.000 MM

**Manufacturer:** Smitweld  
**Type:** R125  
**Year:**  
**Price:** on request

### Welding rotator Smitweld

|                        |                                                 |
|------------------------|-------------------------------------------------|
| Load capacity:         | 16.000 kg                                       |
| Work piece diameter:   | 180 min.<br>4.000 max.                          |
| Diameter wheel wielen: | 250 mm                                          |
| Width wheels:          | 320 mm                                          |
| Rotation speed:        | 60 - 945 mm/min.                                |
| Featured with:         | - Remote control<br>- Variable speed left/right |
| Machine weight:        | 600 kg                                          |
| Machine LxWxH:         | 2.700 x 500 x 480 mm                            |
